Sold to:

Puppy known as:

Breed:

Siberian Husky

Sale Date:

Selling Price:

Coat Color:

Eye Color:

Sex:

Sire:

Dam:

Birthdate:

This agreement is made between _____ (“Buyer”) and Jaye Foucher of Sibersong Sleddogs (“Breeder”);

1. Buyer agrees that this dog will be housed in a safe and clean living environment, and that Buyer will provide proper feeding, veterinary care, exercise, and attention. Seller agrees to offer as much advice on behavior and training as needed during the lifetime of the dog.
2. If at any time the Buyer wants to dispose of, sell, or give away the dog for any reason, the dog will be returned to the Breeder. Breeder will purchase the dog back at a price that is determined to be fair by both Buyer and Breeder, not to exceed the original sale price of the dog. If Buyer and Breeder cannot agree on a fair price, another breeder of racing Siberian Huskies who is mutually acceptable to both Breeder and Buyer as an outside consultant will be asked to decide on a fair price for the dog based upon structure, condition, mental and physical health, age, abilities, and any other contributing factors.
3. Genetic Illness & disease: If dog is diagnosed with an inherited genetic disease or illness after purchase the Breeder is to be notified. Vet records signed by Buyer's veterinarian must be sent to breeder. If dog is diagnosed with a genetic disease/illness the dog may be replaced by another dog or puppy of as much equal quality as possible, through next available dog or litter. The dog must be returned to breeder if Buyer seeks a replacement puppy/dog. If Buyer wishes to keep affected dog AND receive a new dog, Breeder will try and work out a deal that is as fair as possible.
4. If Breeder feels Buyer is abusing or neglecting the dog or over-breeding the dog the Breeder can repossess the dog. Breeder defines over-breeding the dog as: bitches that give birth to more than 4 litters in their lifetime. Female puppies: Buyer agrees not to breed female any younger than 2 years of age. Male puppies:

Buyer agrees not to breed male any younger than 18 months of age.

5. No offspring of this dog shall be sold or given to a pet shop, dog dealer or laboratory or their agents.
6. Buyer agrees to clear dog's eyes and hips of hereditary diseases or problems before it is bred.
7. Breeder guarantees eyes have been screened and have cleared for dam and sire.
8. Buyer will notify Breeder of any future address and telephone number changes for the life of the dog.
9. Buyer agrees that the kennel name "Sibersong" will precede the Buyer's chosen name and will be recorded on the AKC Registration Certificate.
